TECHNOLOGY ENHANCED INSTRUCTION — SECTION 900

NUMBER: 910
SUBJECT: TECHNOLOGY ENHANCED INSTRUCTION WEB SITE
EFFECTIVE DATE: JULY 1, 2016
EFFECTIVE DATE OF LAST REVISION: JANUARY 24, 2011; NOVEMBER 23, 2015
PAGE 1 OF 1

910.1 — PURPOSE

The Technology Enhanced Instruction Department for Bridgerland Applied Technology College (BATC), in an effort to clearly and accurately represent Technology Enhanced Instruction programs/courses, will maintain an e-Learning Web site that is a component of the BATC Web site.

910.2 — CONTENT

Content of the e-Learning Web site is designed to help students in many different areas. Examples of information contained on the Web site include:

- Pre-enrollment information that will help students determine if they have the technical skills required to be successful in an online environment and assist students in evaluating work/study habits and their learning styles.

- Links to the Learning Management System portal and online resources should they need help.

Additional information will be added, if needed, when new technologies and tools are incorporated; and outdated information will be deleted as appropriate.

910.3 — MAINTENANCE

The Technology Enhanced Instruction Department will keep abreast of emerging student and learning resources and update the Web site on a continuing basis.
